Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert F. Bodi on April 2, 2003.

The application has been amended as follows:

In the claims:

claim 31,

line 2, changed "at" to --to form--

line 5, deleted "and" and changed ";" to --, and--

line 7, changed "a protuberance" to --protuberances-- and deleted "each of"

line 8, changed "a sharply pointed" to --an acute--

changed claim 33 to:

~~33.~~ A housing for installation in a window frame having a window sash with a notch defining a pair of opposed edges, the housing comprising:

a first part defining exterior side walls having edges;

141 a second part separate from said first part and defining interior side walls nested in the exterior side walls and a top wall extending over the exterior side walls to define a flange, the edges of the exterior side walls being spaced from the flange;

Art Unit: 3634

protuberances projecting from each of the edges of the exterior side walls and spaced from the flange to define respective gaps for receiving the edges of the notch

therein; and

a bolt nested substantially within said interior side walls for retaining the sash in the window frame.

claim 34,

line 6, changed "beyond" to --over-- and changed "interior" to --exterior--

line 7, deleted "and"

line 8, inserted --each of-- following "from"

line 9, deleted the last occurrence of "respective"

line 10, inserted -- and a bolt nested substantially within said interior side walls

for retaining the sash in the window frame-- following "therein"

added new claim 35:

~~35.~~ A housing for installation in a window frame having a window sash with a notch defining a pair of opposed edges, the housing comprising:

a first part defining exterior side walls having edges;

a second part separate from said first part and defining interior side walls nested in the exterior side walls and a top wall extending over the exterior side walls to define a flange, the edges of the exterior side walls being spaced from the flange;

protuberances projecting from each of the edges of the exterior side walls and spaced from the flange to define respective gaps for receiving the edges of the notch therein; and

243
cont. a pivot bar partially nested within said interior side walls for pivoting said sash with respect to the window frame.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the prior art of record, absent applicant's own disclosure, fails to teach the entire combination of elements set forth in the claimed invention. Specifically, the prior art of record fails to teach a bolt nested substantially within the interior side walls for retaining the sash in the window frame. See lines 10-11 of claim 33 and line 10 of claim 34. Additionally, the prior art of record fails to teach a pivot bar partially nested within the interior side walls for pivoting the sash with respect to the window frame. See lines 10-11 of claim 35.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
